

Live Instructor-led Online Course

3DS Max for Engineers and Architects

| | | |
|-------------|---|-------------------|
| Certificate | : | Yes |
| Course Type | : | Instructor-Led |
| Level | : | Essential |
| Subject | : | CAD Visualization |

Course Overview:

The course will help you learn and master designing graphics / 3D graphics, modeling and creating animations of products (of any industry - from mechanical to civil) - and rendering, using 3ds MAX, a design software from AutoCAD. You will learn the basics of 3D modeling and texturing as well 3D rendering. The course is accommodative as it begins with creating two dimensional shapes, before taking up 3D shapes, and animation.

Learning Outcome:

Upon the completion of this course, you will know how to create stunning visual effects, 3D models, and animation of any products. Key topics covered include:

Manipulating Objects
Learning 2D Shapes
Conversion from 2D to 3D
Modeling 3D Assets
Advanced Materials
Lights, Cameras and Animation

Ideal for:

- Engineering students of all streams
- Creative / product designers - amature or professional
- Arts and science students / professionals

Course Fees: USD 275

Payment Details : 100% Advance payment to be done.

Bank Details : HDFC Bank EEFC A/c No.50200031426731 Account Name: CADD Centre
